APPROVAL

OF STATE ENGINEER

DATE Jan 17, 1947

This is to certify that I have examined the foregoing application
 and do hereby grant the same, subject to the following limitations and
 conditions:

This permit is issued subject to all existing rights on the
 source. A valve must be installed and maintained to prevent waste of
 water. A meter must be installed in the pipe line, near the point of
 diversion, so that accurate measurements of water placed to beneficial
 use may be obtained. This source is located within an area that has
 been designated by the State Engineer as coming within the meaning of
 the provisions of the 1939 Underground Water Act, as amended in 1973;
 the State has the right to regulate the use of the water herein granted
 at any and all times.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 0.07
 cubic feet per second.

Actual construction work shall begin on or before August 4, 1947

Proof of commencement of work shall be filed before September 4, 1947

Work must be prosecuted with reasonable diligence and be completed on or
 before August 4, 1948

Proof of completion of work shall be filed before September 4, 1948

Application of water to beneficial use shall be made on or before
